

Novelties Presentation Kato/Noch

Dear friends of Swiss narrow-gauge railways, as announced last autumn, Kato has delivered its first new products for this year. We have tested the models for you and examined them at our leisure. You will find all relevant information in our newsletter today. We hope you enjoy reading it.

KT-076.1Nm: Ge4/4" 623 „Glacier Express“, umgespurt auf Nm (6,5mm Schmalspur), auf Basis des Kato-Modells

The Ge4/4II with the striking Glacier Express logo is delivered in the Kato-typical, stable plastic box. Brake hoses and the standard N-coupling are included for self assembly. The model is technically identical to the already delivered locomotives of the same type.

RhB Ge4/4II 623 „GEX“ KT-076.1N/Nm

Art.-Nr./item-no./produit-no.
Kato-model Ge4/4II 623, red logo „Glacier Express“
plastic model, scale 1:150, track N
also available as N-narrow gauge-version

Dining Car „Gourmino“

Kato delights model railroaders with a wonderful new design in the form of this dining car, which - in contrast to the usual color scheme of the Rhaetian Railway - is kept in dark blue. The fine engraving of the rivets is just as well done as the "inner" values. The model is equipped as standard with a lighting system for the indicated table lamps.

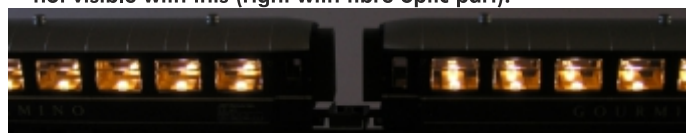

KT-011.1N: WR3811, Speisewagen „Gourmino“, mit beleuchteten Tischlampen, Kato-Modell für Spur N (9mm)

The model comes with exchange couplings for the Kato close coupler and retracted gangways. A fibre optic part to simulate the interior lighting in the kitchen area is also included in the box. An improved illumination of the passenger compartment is not visible with this (right with fibre optic part).

RhB WR3811 „Gourmino“ KT-011.1N/Nm

Art.-Nr./item-no./produit-no.
Kato-model WR3811, blue, dining car „Gourmino“ with illuminated table lamps
plastic model, scale 1:150, track N
also available as N-narrow gauge-version

For conversion to N-narrow gauge, please use the converted Kato wheel sets (KT-110.4), as only these ensure the electrical function.

Early-Order-Prices

As most customers have already noticed, our pre-published prices for the Kato models already include a small discount. Now, we are pleased to be able to offer you an additional 5% discount on pre-orders.

Please note the pre-order deadlines. Orders arriving later will be executed according to the regular conditions.

Delivery

We have received the first series of pre-ordered locomotives and dining cars from Noch. All customers can be supplied at short notice. This also applies to the conversion requests for N-narrow gauge.

We will contact you by eMail with all important facts about your order and coordinate the shipping with you.

New orders can be carried out at short notice within the scope of our stock. We will carry out further order requests after delivery by Noch.
