Deliveries of Models

Unfortunately, we cannot obtain swap bodies with a lettuce motif from Minitrix. We will therefore re-label other containers with decals to match. The affected customers will be informed separately so that they can correct their orders if necessary. We will only produce the number ordered in advance.

The motif with the sunflower is already sold out. There are only a few remaining containers of the other motifs available. If you are interested, please order your desired load in good time.

Thank you for your understanding.
