

Dear friends of N narrow gauge,  
Dear fans of Swiss narrow gauge railways,

this year, we are offering two additional tank wagons, a frequently requested addition to our range, after the model has been sold out for almost 10 years. The new MOB models are also sure to delight, as they allow the matching train to be extended by three additional carriages.  
With a whole range of decals, we offer model builders further attractive designs for their model railways.  
We hope you enjoy reading this newsletter.

Yours sincerely  
AB-Modell team

We are continuing the series of flatcars with attractive Coop refrigerated containers from Minitrix.

This year, we are introducing the swap body with a mushroom motif.

As usual, we are offering three variants: containers on two- or four-axle flatcars, or as individual containers with loose legs, as accessories or for possible truck loading.

Due to popular demand, we are reissuing the tank wagons. New are the two advertising models with poster decals. They have different lettering on the sides, so that each model receives both posters. True to the original, these are swapped on the vehicles. There will also be a very small series of models without advertising.
